

TECHNICAL SPECIFICATIONS

🇬🇧 *ECO ES stoves are pellet fired decorative stoves suitable for indoor usage. There are three available models: 18 kw, 25 kw and 35 kw that come in either red or white colour. ECO ES are equipped with a circulation pump, expansion tank, air valve and safety valve. The stoves have a modern design and allow for daily and weekly programming. They come equipped with INOX turbulators that are placed in tube heat exchangers for easy cleaning and efficiency of over 93%.*
